

Finance Manager

As a Finance Manager, you will be responsible for overseeing the financial health and performance of the company. Your role will involve managing financial planning, analysis, and reporting activities, ensuring compliance with accounting principles, and providing strategic insights to support data-driven decision-making. Your strong financial acumen, leadership skills, and attention to detail will contribute to the company's financial stability and growth.

Key Responsibilities:

- Develop and maintain financial models to support budgeting, forecasting, and long-term financial planning.
- Analyze financial data, identify trends, and provide insights to assist in strategic decision-making.
- Monitor key performance indicators (KPIs) and financial metrics to assess the company's financial performance.
- Monitor budget adherence and provide variance analysis to identify areas for improvement.
- Present financial reports to senior management and stakeholders, providing meaningful insights and recommendations.
- Manage cash flow, monitor liquidity, and optimize working capital to support daily operations and investment opportunities.
- Oversee banking relationships, negotiate terms, and evaluate financing options to secure cost-effective funding.
- Implement and maintain robust internal control procedures to safeguard company assets and prevent fraud.
- Identify and assess financial risks, developing strategies to mitigate potential threats.

Qualifications:

- Bachelor's degree in Finance, Accounting, Economics, or a related field. A Master's degree or professional certification is advantageous.
- Proven experience of 5+ years in financial management, accounting, or related roles.
- Experience in a multinational company is a plus.
- Solid understanding of financial analysis, budgeting, and financial reporting.
- Strong analytical and problem-solving skills, with attention to detail.
- Excellent communication and presentation abilities to convey complex financial information to non-financial stakeholders.
- Knowledge of relevant financial regulations, accounting principles, and compliance standards.
- Business acumen and ability to contribute to strategic decision-making.
